

Sonoma County Frost Forecast

www.westernwx.com/sonoma

This forecast is sponsored in part by Chris Maloney Crop Insurance Services

Monday March 24, 2025 issued 2:30pm

HIGHLIGHTS: Mild low temperatures are expected tonight and tomorrow night as high pressure remains in control.

Frost Discussion: A strong warming trend continues today as high pressure remains overhead. Overnight lows will be somewhat mild tonight, likely at least a few degrees warmer relative to last night's. Similar temperatures are then expected tomorrow night.
